Troy, NY 12180

Re: Highland Creek Planned Unit Development
McChesney Avenue Extension and Bonesteel Lane, Town of Brunswick

Dear Chief Welch:

Enclosed please find a copy of the conceptual site plan for the Highland Creek Planned Development District, to be located on approximately 206 +/- acres of land located on the northeast side McChesney Avenue Extension, south of its intersection with McChesney Avenue in the Town of Brunswick

As you may be aware, we are proceeding through the process of preparing an Environmental Impact Statement (EIS) for the Project under the New York State Environmental Quality Review Act.

As a part of that process, we are forwarding the enclosed information to you so that you would have an opportunity to review the plan and comment on it. I am also enclosing a brief summary of the Project, together wit a copy of the section of the Draft Environmental Impact Statement that was prepared for the Project covering Fire Protection. We are advised that the Project is not within the boundaries of the Eagle Mills Fire District, but that the entire Town of Brunswick is covered under mutual aid.

Should you have any comments or questions concerning the Project, please forward them to me. Or, should you desire, please feel free to contact me directly if you would like any additional information or have any further questions concerning the Project.

Thank you very much for your time and attention.

Sincerely yours,

Lee J. Rosen
